**The physician
in private
practice is
special to us.**

We congratulate the Medical Class of 1988 of the Indiana University School of Medicine and wish you success and happiness as you continue the pursuit of your chosen specialties.

We believe the physician in private practice is a very special person. Our philosophy is to work in partnership with the physician in an atmosphere of complete cooperation and to compliment his efforts to maintain the private practice of high quality medicine at a reasonable cost. We do our best, so that the private practitioner can do his best, secure in the knowledge that his hospitalized patients will receive the excellent care he deems essential. We're proud of that partnership!

When you are ready to enter the world of the private practice of medicine in your chosen specialty, we hope you will consider the special partnership that exists between Humana and the private practice physician.

For information, please call our Administrative Offices — 872-1803. We look forward to including you in this partnership.
